

### **Winged Foot Golf Club continued**

- Integral part in planning the operations and capital budgets-over \$4 million dollars.
- Collaborated and communicated with drainage engineers to evaluate problem areas and develop a workable plan. Identified and documented specific areas using total station survey equipment to create a master plan and execute several drainage projects in-house as well as with contractors.
- Led, educated and motivated over 40 staff members; built a positive rapport with a Hispanic, union and non-union crew, motivating them to complete day-to-day duties and other club projects timely and efficiently, ensuring outstanding turfgrass health, playing conditions and aesthetics.
- Evaluated soil, water, and turf properties to make changes and improve agronomic and cultural maintenance practices to enhance the health and playability of the East Course greens as well as elevate its ranking in the Top 100.
- Developed a detailed record keeping procedure to evaluate hours worked, efficiency of tasks completed, manpower needed, and equipment used. Improved efficiencies of people, daily tasks and projects.
- Planned and budgeted East Course Restoration, MET Open Championship 2015, USGA Four-ball 2016, US Open 2020.

### **Cape Cod National Golf Club Brewster, Massachusetts**
